**14th Annual University of Florida
College of Veterinary Medicine
Golf Classic proceeds to benefit
Student Scholarships & College Programs**

The University of Florida College of Veterinary Medicine, the state's only veterinary college, offers comprehensive service to the public through a four-fold mission *of teaching, research, extension, and patient care.*

The college curriculum is designed to provide educational opportunities that will allow students to gain the knowledge, skills, experiences, values and attitudes necessary to become and to remain high-quality veterinarians.

In order to continue the highest standards of care and training at UF CVM, all proceeds generated from the golf classic will benefit DVM scholarships and college programs. Your support of this tournament through sponsorships and participation will help fulfill our mission.

**In Memory of
Melanie Meador Penn**

Melanie was a DVM student who passed away shortly before her graduation in 1995. Her classmate, Dr. Mark Sprayberry, established the CVM Golf Classic in her memory in 1996. Last year, the Golf Classic raised over \$21,000.
